Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Mr. Boice asked for Examiner's opinion on which set of independent claims to pursue that would have a better chance for allowance. Examiner noted that allowance cannot be judged until a search has been conducted. However, as the claims stands, claim 35 is narrower and more specific which would necessitate Examiner to perform a more comprehensive search if an RCE were to be filed. Claims 1 and 32 are much broader in scope. Claim 1 and respective dependent claims are currently under final rejection. Claims 32 and respective dependent claims draws similarity to claim 1 and Examiner's opinion is these claims would be rejected if were to pursue them, using similar prior art that rejected claim 1. .
